Keep your produce
at its best for longer

Electrolux

A kitchen that knows what matters.

At Electrolux, our philosophy is simple: life in the kitchen should be seamless and intuitive.

That's why we've developed a new range with smart, sustainable features and clean lines for an effortless experience. So, you can concentrate on the things that make you happy: making and sharing great food with the people you love.

Swedish thinking.
Better living.

Refrigeration

Streamlined simplicity

A fridge should be a statement in your kitchen and Electrolux makes sure it's one of the most striking features in your kitchen. Ours are available in dark or natural stainless steel finishes for a seamless and elegant look.

Stylish and smart

High quality, mark-resistant real stainless steel, now available in a new chic dark hue or classic bright stainless steel, lends a touch of class to any kitchen. Inside, the generous interior marries innovation and style in equal measure.

Power saver

Electrolux continues to lead the way with class leading energy efficiency, keeping your energy bills down, without compromising on performance.

Keep it cool

The fridge door is one of the most opened in any household, which is why we came up with TasteGuard technology to help maintain the perfect temperature inside your fridge. It automatically detects when it needs to begin cooling, keeping the temperature down to lock the freshness in.

French door features

Intuitive door design

With optimally split doors you have more usable space in your refrigerator door and can effortlessly reach for larger items, saving you the need to open both doors every time.

Fresh is best

Our innovative TasteLock crispers automatically control the humidity levels to keep your fruit and vegetables at their best for longer. While Easy-glide crisper drawers open effortlessly, even when they're full.

Thirst-quencher

Like a cool glass of pure, filtered water on cubed, or crushed ice? Your fridge is there to deliver, any time of the day or night – at the touch of a button. And you'll find the compact ice maker makes hot summer days or dinner parties a breeze.

Smart on space

The thoughtful Slide-back and Flip-up shelving means you can store that two-tiered birthday cake for the big moment, no problem.

SnackZone

The SnackZone is the ideal compartment for keeping those smaller ingredients separate for easy access such as fruit for your morning smoothie allowing you to be prepared before the week begins.

Wi-Fi connectivity*

The Electrolux app allows you to adjust and monitor each compartment's temperature to ensure you have the ideal conditions for freshest ingredients every time. Let your refrigerator do the thinking by reminding you when it's time to change the water filter cartridge.

(selected models)

*Minimum requirements: iPhone6/iOS 9.3/Android 4.3 and above. You will need to install the Electrolux Life app, create an Electrolux account and accept the Terms and Conditions and Electrolux's Privacy Policy in the app to use the connected features of the appliance. Internet and Wi-Fi connections are required to use the full features of the app and the appliance. Minimum requirements, apps and services are subject to change without notice.
